RCC Dental Hygiene Clinic Offering Free Screenings at Table Rock Campus Next Week

Rogue Community College invites community members to receive free dental hygiene screenings next week at the clinic at the RCC Table Rock Campus in White City.

This opportunity provides vital hands-on experience for students in the RCC Dental Hygiene Program while offering an important community service.

The screenings will be performed by RCC students under the supervision of licensed dental professionals, ensuring a safe and educational experience for everyone involved. These screenings are a crucial part of the students' training, preparing them to excel in their future careers as dental hygienists.

The RCC Dental Hygiene Clinic is equipped with modern facilities to ensure patients receive high-quality care. Screenings may include an evaluation of oral health, preventive care recommendations and education on maintaining good oral hygiene practices.

Participating in these screenings not only helps students develop their skills, but it also fosters a healthier community by making dental care more accessible.

Appointments are required and they can be scheduled by calling the RCC Dental Hygiene Clinic at (541)-755-7577 or by e-mailing "dentalinfo@rogucecc.edu." Appointments are limited, so early scheduling is encouraged.
